PART 1: GENERAL

1.01 Asphalt pavements (other than pedestrian walks) on the Cornell University campus shall be bordered with granite curbing. Other curbing materials may be used only if approved by the Cornell University Campus Planning Office.

1.02 Standard curb reveal for new construction is six inches (6").

PART 2: PRODUCTS

2.01 Granite curb shall conform to NYSS, Section 714-01, Type S.

PART 3: EXECUTION

3.01 Curb shall be supported on a continuous bed of dry mix portland concrete with wet mix portland concrete poured to support full length of curbing.

3.02 Joints between curb segments shall be less than 1/8” with no mortar fill.
